

Lindsey Marsh Drainage Board

Water Management Consortium

An exciting opportunity has arisen within the Lindsey Marsh Drainage Board for someone who is keen to develop a career within Project Management and in an Engineering environment.

We are looking for someone to join us in the role of Project Support (Engineering) within our Engineering Team at Lindsey Marsh Drainage Board, Manby, Louth

We offer an attractive Remuneration Package

Salary: Grade 2 - £26,640 - £30,333 (dependent on level of experience)

Holidays: 23 rising to 27 days plus eight bank holidays and three additional statutory days

Pension: Local Government Pension Scheme (defined benefit)

Nine-day working fortnight: Every other Friday is your time!

Working Environment: Supportive, collaborative, one team approach

Development: Opportunity for ongoing training and development as part of a formal development path for succession planning

You will be part of a small team, dedicated to serving the local community. We value a supportive and collaborative working environment and offer a varied workload with opportunities to apply your initiative, knowledge, experience and skills in a rewarding project management and technical environment.

Applicants must be self-motivated, have a positive attitude, and have a keen interest in working in the land drainage and water level management environment.

About Us

The Water Management Consortium provides water level management services for Lindsey Marsh Drainage Board, the Isle of Axholme and North Nottinghamshire Water Level Management Board, Trent Valley Internal Drainage Board and Doncaster East Internal Drainage Board, managing 92 pumping stations and 2,400km of watercourse that protect assets across an area of 147,665 hectares.

We are dedicated to providing an effective and efficient service, managing water levels within the area to protect communities, farmland, businesses and infrastructure. We have a reputation for delivering high quality services and innovative approaches to water level management challenges.

The Role

The role of Project Support (Engineering) would suit anyone who has a keen interest in developing a career in project management within an engineering environment, to serve our local communities. This is a rare opportunity to join our organisation at a foundation level and with scope to develop a career in this environment.

You must be highly organised to deal with multiple tasks and to be able to support the Team as the central point of contact. You will also be IT savvy, with the ability to use multiple technical systems to be successful in the role.

A full description of the role and application form can be found on our website (<https://www.wmc-idbs.org.uk/notices-adverts>). If you wish to discuss the role further, please call 01507 328095.

If you are interested in applying for the position, please send a completed application form and covering letter outlining your suitability for the position marked Private and Confidential to: Carol Davies, Corporate Services Manager, Lindsey Marsh Drainage Board, Wellington House, Manby Park, Manby, LOUTH, Lincolnshire, LN11 8UU or email to enquiries@lmdb.co.uk
